

Creative Homework for the Autumn Term 2016

Please pick one activity every other week. The choice of activities is yours, but please try to vary what type you do. Hand in days: 22nd September, 6th October, 20th October, 3rd November, 17th November, 1st December and 15th December.

If you ever require longer to do a task just let Mrs Cersell or myself know prior to handing homework in.

|   |  |   |   |
|---|--|---|---|
| Write an acrostic poem about the Stone Age:<br>STONE AGE  | Create some cave paints. (there is a program on purplemash you can use if you wish in the Stone Age section)                                     | Find out about animals cave people hunted. What did they use that animal for?                                     | Draw or make a roundhouse.  |
| Make a fossil. (Be able to explain to the class how you made it.)                                       | Pretend you are a palaeontologist—describe how you found a fossil, what you found and why it is significant. You can be imaginative if you wish. | Find out and present 10 facts about the stone age.  | Find out and present facts about a famous palaeontologist.  |
| Make a collage out of rocks and take a picture of it.   | Find out about how a food item is harvested.   | Write a song about the three types of rocks. Look at youtube for inspiration. Cassidy Will Rock You is very good. | Write instructions for how to build a fire. (With parental permission only – build and light a fire.) |
| Find out how an exotic fruit is grown, harvested and sent to stores. Compare this to a different fruit. | If you attend a celebration or thanks giving for harvest, write about it.  | Make some food using in season ingredients.   | Find out about some Iron and Bronze Age jewellery. Compare them. If you can , make some.              |
